

Cambridge Canoe Club

Junior Members Parental Consent Form

The Cambridge Canoe Club welcomes Juniors on tours, trips and other events and it is strongly encouraged that they are accompanied by a parent or an adult member of their immediate family (this is a requirement on the first few occasions) at such times. The Club does however realise that this is not always possible and in such situations it is necessary for the parent to delegate responsibility for their youngster while on the tour or trip to a specific adult on that trip. This adult is then seen by the Club as in charge of that junior while not on the water. Responsibility on the water is dependant on the type of tour or event.

Initially juniors, like all other members, should first consult the organiser of the tour or trip to assess the suitability of the tour or trip to their abilities and also discuss their expectations as well. This will normally be the Tour or Competition Secretary. Secondly the parent must complete Part A of this form to allow the nominated adult on the trip to take responsibly for their junior. The nominated adult must then complete Part B to indicate their acceptance. Please also detail all information, especially medical, that the Club should be aware of on the back of this sheet. This may appear rather formal but it is seen by the Club as being in the best interests of the junior, the parents and those prepared to accept responsibility for others children.

Please fill out a separate form for each junior for each event and then pass it to the appropriate organiser beforehand. **WITHOUT A COMPLETED FORM JUNIORS CAN NOT COME AWAY WITH THE CLUB.**
